The rat race has given you skills the human race desperately needs.

We know you're busy, so we won't take much of your time. All we want is to make you a simple business proposition.

You lend us your expertise for a few hours a week and we'll give you the chance to prove that you're not such a rat after all.

Whatever you do for a living, you can do a lot for the people living in your community. Simply write Volunteer, Washington, D.C. 20013, and we'll direct you to where your talents are most urgently needed.

You may work for free. But you won't work for nothing.

Volunteer.
It'll make you a better human being.
